

Inductive Reasoning Report

Joe Sample

Report Generated: 22-11-2018

Introduction

This report is confidential and is intended solely for the person responsible for assessing Joe Sample, who completed the Inductive Reasoning on 21/11/2018.

The contents of this report are likely to be valid for 18 to 24 months.

Interpreting Scores

Scores on Inductive Reasoning are calculated by comparing an individual's score with a large group of people (norm group) who have also completed the same tests. Thus, the results are shaped by a meaningful comparison with others. These are then expressed as 'percentiles' and you can use the below scoring key to benchmark Joe's results:

Results

Norm Group: 905 Graduates, Professionals & Managers

Analysis

Inductive Reasoning	1
The Inductive Reasoning test evaluates an individual's ability to apply logic in order to identify relationships and draw inferences from complex information.	
Joe's inductive reasoning ability is greater than or equal to 1% of the comparison group.	
The recommended time to complete the test is 30 minutes and Joe Sample completed it in 30 minutes and 0 seconds.	

These skills will be apparent in:

- Defining problems and situations clearly and objectively
- Using relevant information to evaluate ideas and make effective decisions
- Drawing accurate conclusions from complex situations / information
